

## FULL HEALTHCARE SERVICES

According to the Arizona Department of Oral Health, 36% of children, 44% of adults and 67% of seniors in our state have no dental coverage.

We offer, a wide range of general dental care, services which include:

- Urgent Dental Care
- Preventive
- Restorative
- Oral Surgery
- Crowns
- Bridges
- Gum Disease Care
- Dentures
- Implants  
(on a limited basis)

El Rio offers dental services to meet the diverse needs of you and your entire family.

## HIGH-QUALITY DENTAL CARE FOR THE WHOLE FAMILY!

El Rio operates the largest non-profit dental program in the State of Arizona.

To make an appointment,  
please call (520) 670-3909.

SERVICES**

## Dentistry for Children

El Rio places a special emphasis on preventing dental disease in children. El Rio has highly-trained Pediatric Dentists who focus exclusively on the oral health needs of children from infancy thru the teenage years. Dental services for children with special medical needs are provided as well.

## Free Oral Health Assessments and Fluoride Treatments for Children

El Rio's Fluoride Varnish Program works to significantly reduce the incidence of early childhood cavities in children. Children are given a free oral health assessment and fluoride varnish treatment by a dental hygienist while they wait for their pediatric medical or WIC appointment.

El Rio educates families on the importance of oral health and encourages families to establish care at El Rio's dental department.

## Emergency Dental Care

Next Day or Same Day emergency dental care services are available. These services are for patients of all ages who have insurance or qualify for the sliding fee scale. We encourage and recommend that patients call 670-3909 for an emergency appointment time. A patient may arrive at the dental office as soon as it opens at 7am and will be seen as time allows.

## Affordable Options

El Rio is committed to the overall health of our patients and works to ensure that they have accessible and affordable options. The need for dental care for low-income adults has become even more critical since AHCCCS, the state's Medicaid Program, eliminated all emergency dental services – leaving many patients to suffer with unnecessary tooth pain. We offer a discounted payment program for self-pay patients, based on household income.

Registration is required and payment options will be discussed during registration. El Rio's Dental Partnership Program funded through donor support of the El Rio Foundation, offers financial assistance for emergency extractions, exams, x-rays, cleanings, and simple fillings for qualified patients.
